1.4   Linked Policies

This policy should be read in conjunction with the following Trust and School policies:

- Anti-bullying
- Attendance
- Behaviour
- Children Looked After
- Equalities
- Lettings
- SEN
- Health & Safety
- Supporting Students with Medical Needs
- Online Safety
- Staff Code of Conduct
- RSE
- Whistleblowing
- Safer Recruitment

2.   Introduction

2.1.   At RKST we believe that a policy on child protection is founded on the right of all children to be safe and feel safe, and that it is the fundamental obligation of all schools to robustly secure this right.

The aim of this policy is to provide staff, Trustees, Governors and volunteers with the framework they need to keep children in RKST schools safe and secure and to provide parents and carers with the information about how we will safeguard their children whilst in our care.

This policy has been developed in accordance with the principles established by the **Children Acts 1989 and 2004** and in line with the following documents.

- "Working Together to Safeguard Children 2018" - July 2018. Working Together To Safeguard Children July 2018

- "Keeping Children Safe in Education"- statutory guidance for schools and further education colleges - Sept 2020. https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/892394/Keeping_children_safe_in_education_2020.pdf

- Information Sharing Guidance for Safeguarding Practitioners Information Sharing Guidance – DfE July 2018.

- Children Missing Education; Statutory Guidance for Local Authorities - Sept 2016. Children missing education - GOV.UK

- Statutory Guidance issued under section 29 of the Counter-Terrorism and Security Act – 2015. Prevent Duty Guidance

- Sexual Violence and Sexual Harassment between Children in Schools and Colleges – May 2018. Sexual Violence and Sexual Harassment between Children in Schools and Colleges

- The Equality Act – 2010. Equality Act 2010: guidance - GOV.UK

- The United Nations Convention on the Rights of the Child (UNCRC) United Nations Convention on the Rights of the Child

- What to do if you're worried a child is being abused - March 2015. What to do if you are worried a child is being abused.

2.2. We believe clear governance and leadership is central to embedding a safeguarding culture. The Trustee Board takes its responsibility seriously under **section 175 of the Education Act 2002** to safeguard and promote the welfare of children; working together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm or whose welfare may be in question. Governors in each school must ensure all staff at the school have read and understood their responsibilities pertaining to **Part 1, Part 5 and Annexe A of Keeping Children Safe in Education, Sept 2020**. They must ensure that there is an auditable system in place to evidence this.

2.3. All staff are required to read and adhere to the Trust's **Staff Code of Conduct** which governs behaviours expected of them, as well as having an understanding of their own school's **Behaviour Policy** and **Attendance Policy**.

2.4. We recognise all staff, volunteers, Trustees and Governors have a full and active part to play in protecting our pupils from harm, actively promoting their welfare and ensuring that every child's welfare is our paramount concern. This includes supporting a child's mental and physical health. All RKST staff are responsible for contributing to a positive culture of safeguarding.

2.5. All staff believe our schools must provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual children.

2.6. RKST recognises that as well as threats to the welfare of children from within their families, children may be vulnerable to abuse or exploitation outside their homes and from other children. Staff must remain vigilant and alert to these potential risks.

2.7. There are 12 aims of this policy.

2.7.1. To support pupils' development in ways that will foster security, confidence and resilience, free from discrimination.

2.7.2. To provide an environment in which children feel safe, secure, valued and respected.

2.7.3. To ensure that children feel confident about how to approach adults if they are in difficulties.

2.7.4. To ensure all teaching staff, non-teaching staff and volunteers in RKST schools:

- are aware of the need to safeguard and promote the wellbeing of children;

- identify the need for support early to promote well-being;

- promptly report cases of actual or suspected abuse, in line with guidance from the Buckinghamshire Threshold Document;

- are trained to recognise signs and indicators of potential abuse.

2.7.5. To provide a systematic means of monitoring children known to be or thought to be at risk of harm and ensure contribution to assessments of need and support plans for those children.

2.7.6. To acknowledge the need for effective and appropriate communication, ensuring staff know how and when to share information to protect children in a way that is legal, ethical and timely.

2.7.7. To ensure there is a clear system for communicating concerns and a model for open communication between children, teachers, parents/carers and other adults working with children.

2.7.8. To have a clearly understood structured procedure within the Trust which will, in cases of suspected abuse, be promptly followed by all members of a Trust school's community.

2.7.9. To ensure the Trust has robust systems in place in each school to accurately record safeguarding and child protection concerns, which are clearly understood by staff and adhered to. Actions taken to address concerns and outcomes achieved are dealt with in a timely manner, clearly and accurately recorded. These records are securely stored.

2.7.10. To develop effective working relationships with all other agencies involved in safeguarding, supporting the needs of children at schools in our Trust.

2.7.11. To ensure that all staff appointed by the Trust have been through the safer recruitment process and understand the principles of safer working practices as set out in our **Staff Code of Conduct**, which stipulates their duty to report where behaviours of colleagues may have stepped outside of agreed safe

practices. All staff must work to develop a positive culture of safeguarding in our schools.

2.7.12. To provide clarity to other community users of Trust facilities with regard to our expectations of how they should maintain a safe environment, which supports children's welfare and development. We reserve the right to decline access to use a school's facilities where we believe their ethos or practice is not aligned with this policy.

This policy is published on the RKST website and on the website of each school. Hard copies are available from each school's office.

3. Responsibilities

3.1. All staff, visitors and volunteers understand safeguarding children is **everyone's responsibility** and that they must be diligent to help secure children's safety and wellbeing**.** Any person who receives a disclosure of abuse, an allegation or suspects that abuse may have occurred will report it immediately to the school's DSL (Designated Safeguarding Lead) or, in their absence, to one of the school's Deputy DSLs or the Headteacher. In the absence of the above, concerns will be brought to the attention of the most senior member of staff within each school or to the Trust. Staff understand that if there is an immediate risk of harm then the police or First Response will be called directly and the DSL will be updated at the earliest opportunity (see the referral procedure in sections 4 and 7, and allegations against staff in section 9).

3.2. Staff must maintain a good working knowledge of the Buckinghamshire Threshold Document and any updates, how it can be used to safeguard and promote the wellbeing of pupils and how it should be used to inform decision making regarding a referral to First Response as soon as there is a significant concern.

3.3. Staff are required annually to confirm that they have read **Keeping Children Safe in Education**, our **Staff Code of Conduct** and our **Child Protection Policy**.

3.4. Staff understand that the most common reason for children becoming looked after is as a result of abuse and/or neglect and that previously looked after children remain vulnerable. Staff have the skills, knowledge and understanding to keep both looked after children and previously looked after children safe.

3.5. Staff understand increased vulnerability and that barriers exist when recognising abuse and neglect for children with Special Educational Needs or Disabilities.

3.6. Under the Trust's Scheme of Delegation, Trustees are accountable for safeguarding. Trustees must:

3.6.1. ensure that they comply with their safeguarding duties under legislation, undertaking training as appropriate;

3.6.2. ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR;

3.6.3. have regard to this guidance to ensure that the Trust policies, procedures and training are effective and comply with the law at all times and are reviewed annually.

3.7. Under the Trust's Scheme of Delegation, the Executive Headteacher is responsible for safeguarding. The Executive Headteacher is responsible for ensuring the following protocol.

3.7.1. A full report is made to the Board of Trustees regarding safeguarding in the Trust's schools at least annually.

3.7.2. The Headteacher in each school has a clear overview of the Trust's Child Protection Policy and that procedures are implemented, followed and, where appropriate, required records are kept;

3.7.3. Effective steps are taken, in accordance with the appropriate policies and procedures, in the event that the Trust receives any safeguarding complaints or concerns.

3.8. Under the Trust's Scheme of Delegation, the Local Governing Body of each school is responsible for safeguarding within the school and the LGB must therefore follow these policy actions.

3.8.1. Ensure that the Headteacher and (when not the Headteacher) the DSL creates and maintains a strong, positive culture of safeguarding within the school.

3.8.2. Ensure that this policy reflects the unique features of the community we serve and the needs of the pupils attending our provision (see section 4). This will be reviewed at least annually in line with changes to guidance and legislation.

3.8.3. Regularly monitor and evaluate the effectiveness of this Child Protection Policy and be satisfied that it is being complied with in each school.

3.8.4. Ensure that the school appoints a Designated Safeguarding Lead (DSL), who is a member of the Senior Leadership Team (SLT) and has the required level of authority, and also that each school appoints at least one Deputy DSL. The Headteacher has overall responsibility for safeguarding within their school; they can be the DSL or can delegate that work to a member of the SLT. The roles and responsibilities of the DSL and Deputy DSL must be made explicit in those post-holders' job descriptions.

3.8.5. Recognise the importance of the role of the DSL, ensuring they have sufficient time, training, skills and resources to be effective. Refresher training must be attended every 2 years, in addition knowledge and skills must be refreshed at regular intervals, at least annually.

3.8.6. Ensure measures are in place for the Local Governing Body (LGB) to have oversight of how a school's delivery against its safeguarding responsibilities are exercised and evidenced. Ensure robust structures are in place to challenge the Headteacher where there are any identified gaps in practice or procedures are not followed.

3.8.7. Recognise the vital contribution that a school can make in helping children to keep safe, through incorporation of safeguarding within its curriculum. This will also be taught through the PSHE curriculum and relevant issues through the Relationship Education (primary schools) or Relationship Sex Education (secondary schools, mandatory from Sept. 2020). Ensure that through curriculum content and delivery children in each school understand, at age and stage appropriate levels, safeguarding and how to keep themselves safe in a contextually appropriate way.

3.8.8. Ensure safe and effective recruitment policies and disciplinary procedures are in place, which adhere to **Keeping Children Safe in Education, September 2020** and legislation referred to therein.

3.8.9. Ensure resources are allocated, as a priority, to meet the needs of pupils requiring child protection or early intervention in each school.

3.8.10. Ensure the DSL completes an Annual Safeguarding Report for Governors, demonstrating how statutory responsibilities for safeguarding and promoting the welfare of children are being met. Ensure a copy of this report is sent to the Executive Headteacher and is shared with the Education Safeguarding Advisory Service within the specified time frame.

3.9. The Chair of Governors must inform the Executive Headteacher if made aware of any allegations against the Headteacher. It is the duty of the Executive Headteacher to liaise with relevant agencies in the event of any such allegations. In the case of concerns about the Executive Headteacher, this duty falls to the Chair of Trustees. If there are concerns that issues are not being progressed in an expedient manner, staff/pupils/parents/carers should escalate concerns to the Local Authority Designated Officer (LADO) via First Response.

3.10. Each Local Governing Body must ensure that a named teacher is designated for Children Looked After and that an up to date list of children who are subject to a Care Order or are accommodated by the County Council is regularly reviewed and updated. Each school must work with the Virtual Schools Team to support the educational attainment for those children who are Looked After.

3.11. Each Local Governing Body must appoint a Nominated Governor for Child Protection. The Nominated Governor must be familiar with Buckinghamshire Safeguarding Children Partnership procedures, Local Authority procedures and guidance issued by the Department for Education. The Nominated Governor must ensure the following protocol.

3.11.1. Work with the school's DSL to customise the Trust's Child Protection Policy template annually.

3.11.2. Undertake appropriate safeguarding training, to include Prevent Training.

3.11.3. Ensure child protection is, as a minimum, an annual agenda item for the Governing Body.

3.11.4. Meet at least termly with the school's DSL to review and monitor the school's delivery on its safeguarding responsibilities and to review the Single Central Record.

3.12. All Trustees and governors must complete safeguarding training on appointment, to also include Prevent training.

3.13. Overall responsibility for the safeguarding of pupils remains with each school's Headteacher, although tasks may be delegated to other members of the team, including the nominated DSL if appropriate. Each school's Designated Safeguarding Lead (DSL) is responsible for the following protocol.

3.13.1. Creating a culture of safeguarding within the school, where children are protected from harm. Ensuring all staff receive an appropriate level of induction and training to support them to be professionally curious and vigilant in order to question behaviours and challenge perceptions if they have concerns for a pupil.

3.13.2. Ensuring children receive the right help at the right time using the Buckinghamshire Threshold Document to inform plans for support or protection (see Appendix for definitions of the categories of abuse).

3.13.3. Ensuring referrals to partner agencies are followed up in writing, within 24 hrs of initial contact, including referrals to First Response.

3.13.4. Establishing and embedding a policy and process for recording and storing information about child protection concerns and outcomes achieved, enabling records to be reviewed and an overview gained, in order to support timely interventions and allow prompt follow up. This includes use of the Escalation Process found on the BSCP website.

3.13.5. Ensuring the school's safeguarding records, legislation and guidance are up to date and are maintained in accordance with data protection. Ensuring records are stored safely and securely and remain confidential.

- Sharing information, both internally and externally, on a 'need to know' basis only, being able to justify the reason for sharing and in accordance with the confidentiality policy.

- Holding all child protection files separately from pupil educational records.

3.13.6. Maintaining the record of staff safeguarding training. Ensuring that the most up to date Trust **Child Protection Policy** is widely available (this may be on the website), publishing relevant information on the school website. Ensuring that the school's safeguarding team contact details and photos are displayed in prominent areas around the school and also on the school's website.

3.13.7. Being the designated point of contact for staff to be able to discuss and share their concerns, developing a culture whereby staff feel comfortable to do so. In their absence the DSL will ensure the Deputy DSL, or most senior member of staff, is available.

3.13.8. Being available to staff and outside agencies during school hours and term time for consultation on safeguarding concerns raised. Having responsibility to ensure that cover is arranged outside of term-time during working hours.

3.13.9. Ensuring arrangements are in place for staff to have a point of contact during residential and extended school hours.

3.13.10. Contributing effectively to multi-agency working, for the safeguarding and promotion of the welfare of children. This could include the following.

- Participating in Strategy discussions;

- Attending Child Protection Case Conferences;

- Submitting reports to the conference, which must be shared in advance with the parents/carers;

- Contributing effectively and taking shared responsibility for core group meetings with all other agencies involved;

- Engaging fully, as requested, in any other multi-agency planning meetings;

- Contributing to the Framework for Assessments process;

- Ensuring coverage is available at all times during the year.

3.13.11. Providing the Headteacher (if the Headteacher is not the DSL), with an annual report for the Local Governing Body, detailing how the school delivers on its safeguarding responsibilities and any child protection issues within the school. The Local Governing Body will use this report to fulfil its responsibility to provide

the Local Authority with information about their safeguarding policies and procedures and it must also be made available to Trustees via the Executive Headteacher.

3.13.12. Meeting at least once a term with the school's Nominated Governor to share oversight of the safeguarding provision within the setting, monitor performance and develop plans to rectify any gaps in policy or procedure.

3.13.13. Meeting the statutory requirement to keep up to date with knowledge, enabling them to fulfil their role, including attending mandatory and any other additional relevant training.

3.13.14. Helping to promote the educational outcomes of children who are experiencing or have experienced safeguarding and/or child protection issues, including children with a social worker, by sharing relevant information with staff so that the appropriate academic and pastoral support can be put in place.

3.13.15. Referring immediately to the Police any cases where a criminal offence may have been committed or risk of harm is imminent. The DSL will refer to the NSPCC guidance whether they should consider calling the police and what to expect when they do.

4. Procedures

Procedures in all Trust schools for all staff, volunteers and visitors in safeguarding and protecting children from harm are in line with Buckinghamshire County Council and Buckinghamshire Safeguarding Children Partnership safeguarding procedures, **"Working Together to Safeguard Children 2018", "Keeping Children Safe in Education" 2020** and statutory guidance issued under section 29 of the **Counter-Terrorism and Security Act 2015**.

Each Local Governing Body will ensure the following protocol.

4.1 There is a designated member of the Senior Leadership Team in each school who has undertaken appropriate training for the role, as recommended by the BSCP. Designated Safeguarding Leads (DSLs) will be required to update their training in accordance with the Learning Pathway agreed by the BSCP.

4.2 There are Deputy Safeguarding Leads in each school who will act in the DSL's absence and who have also received training for the role of DSL. In the absence of an appropriately trained member of staff, the most senior member of staff on site will assume this role in each school.

4.3 All adults (including supply teachers and volunteers) new to any of the Trust's schools are made aware of the Trust's policy and procedures for child protection, the name and contact details of the DSL in their school, their role and responsibilities under **"Keeping Children Safe in Education 2020"** and the booklet **"What to do if You're Worried a Child is Being Abused"**. They will have these explained, as part of their induction into their school.

4.4 Staff in any school in the Trust must ensure the following protocol for school visitors.

4.4.1 Issued an identifiable and clear visitor pass.

4.4.2 Met and directed by school staff/representatives.

4.4.3 Signed in and out of the school by school staff.

4.4.4 Given a safeguarding leaflet to read informing them of how to report a concern.

4.4.5 Given restricted access to only specific areas of the school, as appropriate.

4.4.6   Escorted by a member of staff/representative as required.

4.4.7   Given access to pupils restricted to the purpose of their visit.

4.5   All members of staff must complete regular safeguarding training, attend regular refresher training and partake in any training opportunities arranged or delivered by the DSL. Updates must be cascaded to all staff throughout the year, at a minimum of once a year.[1]

4.6   All parents/carers in each Trust school must be made aware of the Trust's responsibilities in regard to child protection procedures. The Child Protection policy will be customised by each school and will be made available on each school's website. Hard copies are also available from each school's office.

4.7   All staff must follow the reporting procedures as follows when reporting any child protection concerns.

4.7.1   Ensure the child is in a safe place and in receipt of support.

4.7.2   Initially make a verbal report to the DSL to alert them to the safeguarding/child protection concern.

4.7.3   Make a written report using their school's record keeping process.

4.7.4   Ensure all concerns are recorded on Safeguard (an electronic system).

4.7.5   Ensure the time and date of the incident is recorded.

4.7.6   Ensure a factual account of the incident is recorded, including who was involved, what was said/seen/heard, where the incident took place and any actual words or phrases used by the child.

4.7.7   Use a body map to record any injuries seen or reported by the child.

4.7.8   Safeguard records the date that any concern was raised and actions taken by the Safeguarding team, alongside any outcomes achieved.

4.8   Each school has an **Attendance Policy**, which provides a robust system for monitoring attendance and will act to address absenteeism with parents/carers and pupils promptly and identify any safeguarding issues arising. If a student is absent, we ask that parents contact us to advise us of the reasons for this. [To be personalised by each school]

4.9   All children attending our schools are required to have a minimum of two identified emergency contacts.

4.10   Any pupil absent for ten school days, where it has not been possible to make contact with a parent/carer, will be reported as a Child Missing in Education (CME) using the **Buckinghamshire CME Protocol**.

4.11   Any absence, without satisfactory explanation, of a pupil currently subject to a child protection or child in need plan is immediately referred to their social worker.

4.12   Parents/carers must inform their child's school if there are any changes to a pupil's living arrangement. Each school has a mandatory duty to inform the local authority, via the First Response Team, if a child under the age of 16 years old lives with someone other than their parent, step-parent, aunt, uncle or grandparent for a period of more than 28 days. This is defined as being a private fostering arrangement.

---

[1] "Keeping Children Safe in Education 2020" states that staff should receive regular training. Buckinghamshire County Council advises that this takes place no longer than 3 years in between refresher training.

4.13 All staff, parents/carers and children are made aware of the school's escalation process (via the school website), which can be activated in the event of concerns not being resolved after the first point of contact. We acknowledge an individual's safeguarding responsibility does not end once they have informed the DSL of any concerns, although specific details of further actions may be appropriately withheld by the DSL as information will only be shared on a need to know basis.

4.14 Each school's Lettings policy reflects the ongoing responsibility a school has for safeguarding those using the site outside of normal school hours, ensuring the suitability of adults working with children on school sites at any time. A School must have sight of the up to date **Child Protection Policy** of any organisation hiring the school's facilities.

4.15 The Trust operates **Safer Recruitment** practices, including ascertaining the suitability of volunteers and employed staff, both employed directly or via an agency, who are working in regulated activities. This is so that our recruitment procedures help deter, reject or identify people who might abuse children. Details of this can be found in the Trust **Safer Recruitment Policy**. A copy of this is available on the Trust website.

4.16 Allegations against members of staff, including volunteers, are referred to the Local Authority Designated Officer (LADO).

4.17 RKST Trust procedures are reviewed and updated annually as a minimum, or as there are changes to legislation.

5. Retention of Records

5.1 When a disclosure of abuse or an allegation against a member of staff or volunteer has been made, the relevant school must have a record of this. These records are maintained in a way that is confidential and secure, in accordance with the Trust's **Record Keeping Policy** and **Data Protection Legislation.**

5.2 There is a statutory requirement for a school to pass any child protection records to the pupil's next school. Each school is required to have an auditable system in place to evidence it has done so. Any transfer of records will be carried out using a secure method and will be sent separately to the pupil's general file.

5.3 The last statutory school maintains child protection files until a pupil reaches the age of 25 years, therefore if the transfer school is unknown, or a pupil is going to be electively home educated, any child protection files will remain at the school in a secure location. Child protection files will only be destroyed when the pupil reaches their 25th birthday.

5.4 The Trust has a robust system for reviewing archived information. Files are stored and disposed of in line with GDPR protocols.

6. Confidentiality

6.1 RKST recognise that all matters relating to child protection are confidential.

6.2 The Headteacher or Designated Safeguarding Lead in each Trust school must only disclose personal information about a pupil to other members of staff on a need to know basis.

6.3 Staff must not keep duplicate or personal records of child protection concerns. All information must be reported to the Designated Safeguarding Lead and securely stored in the designated location within school, separate from the pupil records.

6.4 All Trust staff are aware they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another as they have a duty to share.

Staff must, however, reassure the child that information will only be shared with those people who will be able to help them and therefore need to know.

6.5 Schools will always undertake to share their intention to refer a child to Social Care (First Response) with their parent/carer's consent, unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, the school will consult with First Response on this point. We recognise that GDPR must not be a barrier for sharing information regarding safeguarding concerns.

7. Dealing with a disclosure

In the event of a child disclosing abuse staff must adhere to the following protocol.

7.1 Listen to the child, allowing the child to tell what has happen in their own way, and at their own pace. Staff must not interrupt a child who is freely recalling significant events.

7.2 Remain calm. Be reassuring and supportive, endeavouring to not respond emotionally.

7.3 Not ask leading questions. Staff are reminded to ask questions only when seeking clarification about something the child may have said or to gain sufficient information to know that this is a safeguarding concern. Staff are trained to use TED; Tell, Explain, Describe.

7.4 Make an accurate record of what they have seen/heard using the school's record keeping processes, recording; times, dates or locations mentioned, using as many words and expressions used by the child, as possible. Staff must not substitute anatomically correct names for body part names used by the child.

7.5 Reassure the child that they did the right thing in telling someone.

7.6 Explain to the child what will happen next and the need for the information to be shared with the DSL in their school.

7.7 Share concerns with the most senior member of staff in the school, in the unlikely event the DSL and deputy DSL are not available.

7.8 **If there is immediate risk of harm to a child, staff must NOT DELAY and must ring 999.**

7.9 Monitored and accompany the child at all times following a disclosure, until a plan is agreed as to how best safeguarding can be ensured.

7.10 Following a report of concerns the DSL must adhere to the following rules.

    7.10.1 Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to First Response and the police if it is appropriate. The rationale for this decision should be recorded by the DSL. The DSL will refer to the NSPCC guidance about when to call the police to help inform this decision.

    7.10.2 Normally a school should try to discuss any concerns about a child's welfare with parents/carers and, where possible, obtain consent before making a referral to First Response. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with First Response or the police whether the parents/carers should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to

conduct a criminal investigation. The child's views should also be taken into account.

7.10.3 If there are grounds to suspect a child is suffering or is likely to suffer significant harm, the DSL (or Deputy) must contact First Response by telephone in first instance and then completing the Multi Agency Referral Form (MARF) making a clear statement of:

- the known facts;

- any suspicions or allegations;

- whether or not there has been any contact with the child's family.

7.10.4 If the child is in immediate danger and urgent protective action is required, the police must be called. The DSL must then notify First Response of the occurrence and what action has been taken.

7.10.5 If a child needs urgent medical attention, the DSL (or Deputy) should call an ambulance via 999. DSL to contact First Response; advice to be sought from First Response about informing parents/carers.

8. Multi-Agency Working

8.1 The School has a pivotal part to play in multi-agency working and as such senior leaders, the Local Governing Body and Trustees need to be aware of the local criteria for action, the protocols for assessments and other arrangements so that policies and procedures reflect this.

8.2 The School will contribute fully to support the work of the three safeguarding partners and other relevant agencies to promote the welfare of children and protect them from harm.

9. Supporting Staff

9.1 We recognise that staff becoming involved with a child who has suffered harm, or appears to be likely to suffer harm, could find the situation stressful and upsetting.

9.2 Each school will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support if necessary. This could be provided by the Headteacher or another trusted colleague, Occupational Health, and/or a representative of a professional body, Employee Assistance Programme (PAM) or trade union, as appropriate.

9.3 In consultation with all staff, we have adopted a **Code of Conduct** for staff working in our school. This forms part of staff induction in each school and is in each school's staff handbook. All staff in a school must know how to access the **Code of Conduct** to refer to it.

9.4 All staff are required to sign that they have read, understood and agree to comply with the agreed standards of practice set out in the staff **Code of Conduct.**

10. Allegations/concerns involving staff and volunteers (including supply staff, agency staff, Governors or Trustees)

10.1 All Trust staff and volunteers (including supply or agency staff) must take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work

with individual children or parents/carers to be conducted in view of other adults (See also section 7 above). There must be no 1:1 contact between staff and pupils which is not "open to the casual observer".

10.2 An allegation or concern may be raised about a member of staff or volunteer (including supply or agency staff) in situations where their behaviour would pose a risk of harm if they continue to work in regular or close contact with children in their present position, or in any capacity with children in a school. This may because the member of staff (including a supply teacher or volunteer) has:

10.2.1 behaved in a way that has harmed a child, or may have harmed a child;

10.2.2 possibly committed a criminal offence against or related to a child;

10.2.3 behaved towards a child or children in a way that indicates he or she may pose a risk of harm to child; or

10.2.4 behaved or may have behaved in a way that indicates they may not be suitable to work with children.

10.3 We understand that an allegation may be made against a member of staff, supply staff or volunteer or that there may be concerns about a member of staff or volunteer. If such an allegation is made or a concern arises, the member of staff notified of the allegation or who has the concern will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.

10.4 The Headteacher/Senior Teacher on all such occasions must **immediately** discuss the content of the allegation with the Local Authority Designated Officer (LADO). The purpose of an initial discussion is for the LADO and the Case Manager to consider the nature, content and context of the allegation and agree a course of action. The Headteacher must also inform the Executive Headteacher.

10.5 The Head Teacher/Senior Teacher must ensure this protocol.

10.5.1 Follow all advice given by the LADO throughout the investigation process, including how to manage the staff member or volunteer against whom the allegation is made, as well as supporting other staff and volunteers within the workplace and if the member of staff is supply staff, informing the appropriate agency.

10.5.2 Follow all advice given by the LADO relating to supporting the child, if it is a pupil making the allegation, as well as other children connected to the organisation.

10.5.3 Ensure feedback is provided to the LADO about the outcome of any internal investigations.

10.6 If the allegation concerns the Headteacher, the person receiving the allegation will **immediately** inform the Executive Headteacher who will consult the LADO without notifying the Headteacher first. If the allegation concerns the Executive Headteacher, the person receiving the allegation will **immediately** inform the Chair of Trustees who will consult the LADO without notifying the Executive Headteacher first.

10.7 The Trust school will follow the local safeguarding procedures for managing allegations against staff and volunteers, a copy of which can be found online. http://bscb.procedures.org.uk/skosz/adults-who-pose-a-risk-of-harm-to-children/managing-allegations-against-staff-and-volunteers-working-with-children/

10.8 Suspension of the member of staff against whom an allegation has been made needs careful consideration and, if necessary, we will consult with the LADO in making this decision. Guidance will also be sought from HR or the Trust's lawyers. If the member of staff is working as supply staff or through an agency, we will follow the advice and guidance of the LADO and inform the agency in question.

10.9 If a suspension is made, restrictions will apply to all staff and volunteers regarding contact with them whilst they are suspended, including contact via social media, such as Facebook and Twitter.

10.10 Our lettings agreement for other users requires that the organiser will follow the Buckinghamshire County Council procedures for managing allegations against staff and where necessary, the suspension of adults from school premises.

10.11 Should an individual staff member (including supply or agency staff), governor or volunteer be involved in child protection, other safeguarding procedures or Police investigations in relation to abuse or neglect, they must immediately inform the Headteacher. Any Trustee must inform the Executive Headteacher. In these circumstances, the school will need to assess whether there is any potential for risk of transfer to the workplace and the individual's own work with children.

11. Whistleblowing

11.1 We have a Trust **Whistleblowing Policy** which can be found on the Trust's website and on that of each school*.* Staff are required to familiarise themselves with this document during their induction period.

11.2 All staff must be aware of their duty to raise concerns about the attitude or actions of colleagues and report their concerns to their Headteacher or Chair of Governors.

12. Physical intervention/Positive handling

12.1 Each school's policy on physical intervention/positive handling by staff is set out separately, as part of its **Behaviour Policy**.

13. Anti-Bullying

13.1 Anti-Bullying is referenced within each school's **Anti-Bullying or Behaviour Policy** and measures are in place to prevent and respond to all forms of bullying, which acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

14. Discriminatory Incidents

14.1 In line with the **Equalities Act 2010**, the **Equalities Objectives in each school** address all forms of discriminatory incidents and take into account the guidance offered by the Buckinghamshire guidance document 'Equally Safe – Dealing with Prejudice Related Incidents Guidance for Schools'.

15. Health and Safety

15.1 The Trust recognises the importance of safeguarding pupils throughout the school day. Our Trust Health and Safety template and School **Health and Safety policies** reflect the consideration we give to the protection of our children, both physically and emotionally, within the school environment.

15.2 Part of the safeguarding measures each school has in place include the safe dropping off and collection of pupils at the start and end of the school day. School staff supervise the gates at the start and end of the school day to ensure that students arrive safely and any visitors to the school site report to the Reception area.

15.3 In the event of a pupil going missing during the course of the school day staff will carry out immediate checks to ensure the pupil is not on site and will then make contact with the pupil's parents/carers and inform the police.

16. Prevent Duty

16.1 We are aware of the Prevent Duty under **Section 26 of the Counter Terrorism and Security Act 2015** to protect young people from being drawn into terrorism. This is as a safeguarding matter like any other and these processes will be applied to support children and their families where vulnerabilities are identified.

16.2 All staff and governors in our schools will complete Prevent training and staff are understand core terminology (such as extremism, radicalisation and terrorism), possible vulnerabilities and concerning behaviour and the support available through programmes like Channel. Further information on this is included within Keeping Children Safe in Education.

16.3 Visitors to our schools are respectfully requested to turn all mobile devices off. This is a safeguarding measure for pupils.

16.4 We have in place and monitor appropriate web filtering systems so that pupils cannot view potentially extreme material.

16.5 Staff understand the need for a culture of vigilance to be present in their school to support safeguarding. This includes awareness and sensitivity to changes in the attitudes of pupils, which may indicate they are at risk of radicalisation.

17. Online Safety

17.1 All staff are aware of their school's policy on **Online Safety** which sets out their school's expectations relating to:

   17.1.1 Creating a safer online learning environment.

   17.1.2 Giving everyone the skills, knowledge and understanding to help children stay safe on-line, question the information they are accessing and support the development of critical thinking.

   17.1.3 Inspiring safe and responsible use of mobile technologies, to combat behaviours on-line which may make pupils vulnerable, including sexting (youth-produced sexual imagery).

   17.1.4 Use of mobile technology both within school and on school trips/ outings.

   17.1.5 Use of camera equipment, including smart phones.

   17.1.6 What steps to take if there are concerns and where to go for help.

17.2 Cyber-bullying by children, via texts, social media and emails, will be treated as seriously as any other type of bullying and will be managed through each school's anti-bullying procedures. This includes sexting and image exchange under threat or through coercion.

17.3 Pupils, staff and parents/carers are supported to understand the risks posed by:

17.3.1   the CONTENT accessed by pupils;

17.3.2   their CONDUCT on-line;

17.3.3   who they have CONTACT with in the digital world.

17.4   Each school must set out in its Behaviour Policy the acceptable use of mobile technologies by pupils whilst onsite. This includes sanctions which will be applied when these boundaries are not adhered to. Further guidance on this can also be found in the Online Safety Policy.

17.5   Staff use of mobile technology and social media is set out in the Trust **Staff Code of Conduct.**

17.6   Where children are being asked to learn online at home the school uses the advice and support provided by the Department for Education and remote learning protocols reflect this. Further information about this can be found in the addendum to the Online Safety Policy.

18. Sexting

Sexting, also referred to as 'youth produced sexual imagery', is one of a number of 'risk-taking' behaviours associated with the use of digital technologies, social media or the internet. It is accepted that children experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated.

18.1   Staff, pupils and parents/carers are supported, via training, to understand the creation and sharing of sexual imagery, such as photos or videos, of under 18s is illegal. This includes images of pupils themselves if they are under the age of 18.

18.2   Any youth produced sexual imagery disclosures will follow the normal safeguarding practices and protocols for Trust schools. We will also use the guidelines for responding to incidents, as set out in the publication 'Sexting in Schools and Colleges' produced by the UK Council for Child Internet Safety.

18.3   If the incident meets the threshold it may be necessary to refer to the police in a timely manner; contact will be through a safer schools officer, a PCSO (Police Community Security Officer), local neighbourhood police or by dialling 101. Such a report will result in an Outcome 21 record being generated by the police. Staff in each school will always endeavour to speak to the parents/carers of the pupils involved prior to any report being made to the police.

19. Peer on Peer Abuse

RKST believes that all children have a right to attend school and learn in a safe environment free from harm by both adults and other pupils. We recognise that some safeguarding concerns can occur via peer on peer abuse.

19.1   All staff operate a zero-tolerance policy to peer on peer abuse and will not pass off incidents as 'banter' or 'just growing up'. Furthermore, staff should recognise the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously.

19.2   All staff recognise that peer on peer issues may include, but may not be limited to:

19.2.1   bullying (including cyber bullying);

19.2.2   racial abuse ;

19.2.3 physical abuse, such as hitting, hair-pulling, shaking, biting or other forms of physical harm;

19.2.4 sexual violence and sexual harassment;

19.2.5 abuse related to sexual orientation or identity;

19.2.6 sexting as set out in section 18 of this policy;

19.2.7 upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;

19.2.8 initiation type violence and rituals;

19.2.9 emotional abuse.

19.3 The following will be considered when dealing with incidents.

19.3.1 Whether there is a large difference in power between the victim and perpetrator i.e. size, age, ability, perceived social status or vulnerabilities, including SEND, CP/CIN or LAC.

19.3.2 Whether the perpetrator has previously tried to harm or intimidate pupils.

19.3.3 Any concerns about the intentions of the alleged perpetrator.

19.3.4 How to effectively support all students involved in any instance of peer-on-peer abuse and whether any additional external input from other agencies is required.

19.4 In order to minimise the risk of peer on peer abuse taking place, each school must adhere to the following protocol.

19.4.1 Deliver age appropriate PSHE to include teaching pupils about how to keep safe and understanding what acceptable behaviour looks like.

19.4.2 Ensure that pupils know that all members of staff will listen to them if they have concerns and will act upon them.

19.4.3 Have systems in place for any pupil to be able to voice concerns.

19.4.4 Develop robust risk assessments if appropriate.

19.4.5 Refer to any other relevant school policies when dealing with incidents, such as the **Behaviour Policy** and/or the **Anti-Bullying Policy.**

19.5 We recognise that 'Upskirting' involves taking a photograph under an individual's clothing without their knowledge. We understand that it causes the victim distress and humiliation. Staff recognise that 'Upskirting' is a criminal offence and must promptly report any such incidence to the DSL, Headteacher or most senior member of staff.

19.6 Reference will be made to the following government guidance and part 5 of the **Keeping Children Safe in Education, Sept 2020** to ensure that all staff have an understanding of the serious nature of sexual violence and sexual harassment between children in schools. [Sexual violence and sexual harassment between children in schools and colleges - GOV.UK](#)

19.7 Reference will also be made to The Sexual Behaviours Traffic Light Tool by the Brook Advisory Service to help professionals; assess and respond appropriately to sexualised

behaviour. The traffic light tool can be found at https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool

20. Cultural Issues

20.1 As a Trust we are aware of the cultural diversity of the community around us and work sensitively to address the unique culture of our pupils and their families as they relate to safeguarding and child protection. This includes children at risk of harm from abuse arising from culture, faith and belief on the part of their parent, carer or wider community.

20.2 Staff must report concerns about abuse linked to culture, faith and beliefs in the same way as other child protection concerns.

21. So Called 'Honour' Based Abuse

21.1 Staff at our schools understand there is a legal duty to report known cases of Female Genital Mutilation (FGM) and So Called 'Honour' Based Abuse to the police and they will do this with the support of the DSL. Mandatory reporting of female genital mutilation: procedural information - GOV.UK

21.2 Our schools are aware of the need to respond to concerns relating to forced marriage and understand that it is illegal, a form of children abuse and a breach of children's rights. We recognise some pupils, due to capacity or additional learning needs, may not be able to give an informed consent and this will be dealt with under our child protection processes. RKST staff can contact the Forced Marriage Unit if they need advice or information. Contact 020 7008 0151 fmu@fco.gov.uk

21.3 We are aware of the signs of FGM Female genital mutilation (FGM) | NSPCC

21.4 We recognise both male and female pupils may be subject to honour based abuse eg where children's cultural background are at odds with their behaviours such as sexuality, under-age sex, relationships, gender identity or life style choices.

21.5 We promote awareness through training and access to resources, ensuring that the signs and indicators are known and recognised by staff.

21.6 Any suspicions or concerns for forced marriage are reported to the DSL who will refer to First Response or the police if emergency action is required.

22. Contextual Safeguarding

Contextual Safeguarding is an approach to understanding, and responding to, children's experiences of significant harm beyond their families. It recognises that the different relationships that children form in their neighbourhoods, schools and online can feature violence and abuse. Parents and carers may have little influence over these contexts, and children's experiences of extra-familial abuse can undermine parent/carer-children relationships.

22.1 At RKST we recognise that pupils may encounter safeguarding issues that happen in the wider community and each school will respond to such concerns, reporting to the appropriate agencies in order to support and protect the pupil.

22.2 All staff, and especially the DSLs, will consider the context of incidents that occur outside of school to establish if environmental factors may be putting the pupil's welfare and safety at risk.

22.3 Children who may be alleged perpetrators will also be supported to understand the impact of contextual issues on their safety and welfare.

22.4   In such cases the individual needs and vulnerabilities of each child will be considered.

23. Serious Violence

23.1   All Trust staff are aware of signs and indicators which may signal that children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being or signs of assault or unexplained injuries. Staff are aware that unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

23.2   At RKST we are aware of the risks to children and will take appropriate measures to manage any situations arising.

24. Domestic Abuse

24.1   The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

24.2   All Trust staff are aware that children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

24.3   At RKST we are aware of the risks to children and will take appropriate measures to manage any situations arising. We will also fully engage with Operation Encompass to ensure children receive the necessary support in school.

25. Children potentially at greater risk of harm (including children with a social worker or Looked After Children)

25.1   Children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health.

25.2   The DSL should hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes.

25.3   Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).

25.4   The most common reason for children becoming looked after is as a result of abuse and/or neglect. The local governing body and Trustees should ensure that staff have the skills, knowledge and understanding to keep looked after children safe.

25.5   In particular, they should ensure that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order) and the child's contact arrangements with birth parents or those with parental responsibility. They should also have information about the child's care arrangements and the levels of authority

delegated to the carer by the authority looking after him/her. The designated safeguarding lead should have details of the child's social worker and the name of the virtual school head in the authority that looks after the child.

25.6 A previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with looked after children and previously looked after children, staff will work with other relevant agencies and take prompt action when necessary to safeguard these children, who are a particularly vulnerable group.

26. Mental Health

26.1 The school has an important role to play in supporting the mental health, wellbeing and resilience of our pupils but are aware that some people may experience mental health difficulties.

26.2 All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

26.3 Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

26.4 If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken and should speak to the DSL or a deputy and record their concern on Safeguard.

26.5 Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.

26.6 The local governing body and Trustees should ensure that the school has clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.

27. Students with parents/carers in prison

27.1 Staff are aware of the effects that having a parent in prison can have on a child. Approximately 200,000 children in the UK have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. Staff will refer any concerns around a child to the DSL and support will be provided in school for the child.

28. Homelessness

28.1 Staff will be aware that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL and Additional DSL are aware of contact details and referral routes to the Local Authority so they can raise/progress concerns at the earliest opportunity. Staff will report any concerns regarding a child being homeless or facing homelessness to the DSL and support will be provided in school for the child.

29. In Court Process

29.1 Staff are aware of the effects that giving evidence in court can have on emotional well-being. Children are sometimes required to give evidence in criminal courts, either for

crimes committed against them or for crimes they have witnessed. Staff will report any incidents where a child or their parent has been required to appear in court. The DSL is aware of court processes and will refer to relevant agencies as necessary.

30. Use of Photography

30.1   We will often use photographs and film to capture achievements and help promote successes within our school. We like to have a record of all the wonderful activities our pupils take part in. Guidelines for the use of photography at RKST are outlined in the Trust Staff Code of Conduct.

31. Policy Review

31.1   The Trustees of RKST are responsible for ensuring that this policy is reviewed at least annually. It must be approved by Trustees annually and each school's LGB must also formally adopt it. The date the next review is due is on the front cover of this policy.

Appendix A – Reference Guide to terms, signs and indicators of Abuse

Everyone who works with children has a duty to safeguard and promote their welfare. They should be aware of the signs and indicators of abuse and know what to do and to whom to speak if they become concerned about a child or if a child discloses to them.

The following is intended as a reference for school staff and parents/carers if they become concerned that a child is suffering or likely to suffer significant harm.

The Children Act 1989 defines abuse as when a child is suffering or is likely to suffer 'significant harm'. Harm means ill treatment or the impairment of health or development. Four categories of abuse are identified.

Categories of Abuse
Child abuse is a form of maltreatment. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children people may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

Physical Abuse
A form of abuse which may involve; hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse
The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse
Involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The **Brook Sexual Behaviours Traffic Light Tool** can be used as guidance to support professionals in identifying and responding to sexual behaviour in children.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

a) provide adequate food, clothing and shelter (including exclusion from home or abandonment) ;
b) protect a child from physical and emotional harm or danger ;
c) ensure adequate supervision (including the use of inadequate caregivers) ;
d) ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Exploitation

Exploitation is a form of child abuse and may take a number of forms as follows.

Child Sexual Exploitation

CSE occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact; it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex. It can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity and may occur without the child or young person's immediate knowledge (eg through others copying videos or images they have created and posted on social media).

The above CCE indicators can also be indicators of CSE, as can:

- children who have older boyfriends or girlfriends;

- children who suffer from sexually transmitted infections or become pregnant.

Further guidance can be found in Child sexual exploitation: guide for practitioners

CSE Guidance Core Document

We recognise that exploitation includes the trafficking of children and Modern Day Slavery. Victims of modern slavery – frontline staff guidance

Extremism

Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line".

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation. Further information on the signs of a child's involvement in county lines is available in guidance published by the Home Office.

Child Criminal Exploitation

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology. CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (county lines, see above for more information), forced to shoplift or pickpocket, or to threaten other young people.

Some of the following can be indicators of CCE. Children who:

- appear with unexplained gifts or new possessions;

- associate with other young people involved in exploitation;

- suffer from changes in emotional well-being;

- misuse drugs and alcohol;

- go missing for periods of time or regularly come home late;

- regularly miss school or education or do not take part in education.

Taken from Keeping Children Safe in Education 2020

Appendix B - Assessment Framework

(from Working Together to Safeguard Children, July 2018)
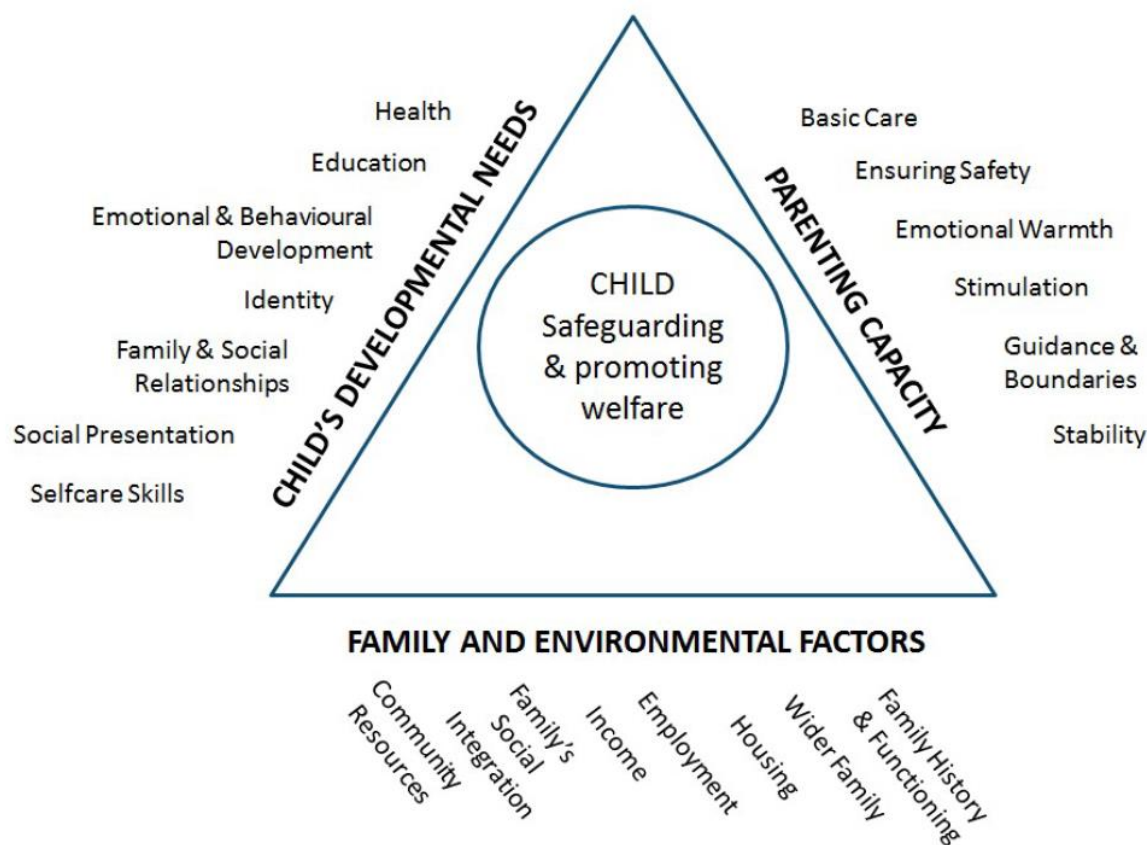

Every assessment should draw together relevant information gathered from the child and their family and from relevant practitioners including teachers and school staff, early years workers, health practitioners, the police and adult social care.

Every assessment of a child should reflect the unique characteristics of the child within their family and community context.

Each child whose referral has been accepted by children's social care should have their individual needs assessed, including an analysis of the parental capacity to meet those needs, whether they arise from issues within the family or the wider community.

Frequently, more than one child from the same family is referred and siblings within the family should always be considered.
